Graduate Scholarships. While less common than undergraduate scholarships, scholarships for graduate students are available. Graduate students rely heavily on fellowships or assistantships - especially in high-need areas like nursing or teaching - but these arenâ€™t available to everyone and donâ€™t always cover a graduate studentâ€™s living expenses.

In this article, we'll explore the light-dependent reactions as they take place during photosynthesis in plants. We'll trace how light energy is absorbed by pigment molecules, how reaction center pigments pass excited electrons to an electron transport chain, and how the energetically "downhill" flow of electrons leads to synthesis of ATP and NADPH.
